

SUITE LIFE AT 'Q': SURRENDER TO THE ULTIMATE IN COUNTRY LODGE LUXURY

MONT TREMBLANT -- Hotel Quintessence has many unique features, but none as splendid as its lavish suites.

A sojourn in a suite at Quintessence is deeply restful, an idyllic cocoon of luxury with downy featherbeds, wood-burning fireplaces and opulent bathrooms with stunning lake views, air-jet tubs and heated marble floors. The matchless Presidential Suites are warmed by three fireplaces – yes, three ! – and their extravagant private terraces have hot tubs and panoramic views. The crown jewel of suites, Clagett's Cabin, blends history and romance with all the luxurious features of the main lodge.

Hotel Quintessence's 30 suites are sophisticated accommodations that marry traditional Old World grace with contemporary chic. Interior designer Patty Xenos created a look of casual elegance using fine country furnishings in leather and tweed with thick wool Berber carpeting underfoot. Succumb to the "suite life". And may we entice you with a massage at your fireplace?

The gorgeous living spaces are spacious, yet intimate. In addition to king-size beds, all suites have writing desks, table-and-chairs, sofa-beds and sitting areas, and private terraces or balconies facing the sunset over Lake Tremblant. Here guests take in the bracing fresh Laurentian mountain air and the subtle, pungent aroma of the towering pine trees that shelter Q.

“Quintessence is the preferred destination for virtually every top-tier leisure traveler who visits Mont Tremblant,” says Sean O'Donnell, the hotel’s managing partner.

“We are proud to be able to accommodate our VIP guests in our deluxe suites, particularly the Presidential Suites, which are unparalleled in Tremblant, perhaps throughout the northeast, for their remarkable comfort and celebration of the great outdoors,” O'Donnell says.

Welcome to Your Suite: The fire is roaring, stoked with aromatic cedar logs by the hotel's wood concierge. French doors open onto a private terrace with a magnificent view of Lake Tremblant. You are home.

Night has fallen: Quintessence's housekeepers have visited for the second time. They have turned down the sumptuous cream cotton jacquard comforter on a divine king-size bed with fine 300-thread-count cotton sheets and plumped up seven – yes, 7 -- goose-down pillows. Evening turn-down includes complementary mineral water (bubbly or flat) and fine chocolates, made at "Q".

This is deep comfort. The sumptuous duvet is so heavy it takes 2 housekeepers to fluff it!

The fire is flickering. The embers glow hot and start to fade.

After a deep sleep, guests awaken in the morning to a splendid view of the mist rising over Lake Tremblant and the Laurentian sky as a backdrop to the forests and mountains.

Spacious, Unique Living Spaces: Sleep comes easily in these sumptuous quarters. The Q Suite measures 65 sq. metres/700 sq. ft.). The Q Executive Suite is 70 sq. metres/ 760 sq. ft..

The Deluxe Suites are 93 sq. metres/1,050 sq. ft., with French doors enclosing a private bedroom. Guests can entertain in the living room or dining area, facing the roaring fireplace.

The Presidential Suites are the epitome of the hotel's gracious style and grandeur. Cathedral ceilings with massive wooden beams soar over exceptional living room and dining areas warmed by three wood-burning fireplaces. These special accommodations measure an expansive 107 square m./1,200 sq. ft of sublime indoor luxury. The ultimate in convenience are the suite's two bathrooms -- the full bath-and-shower area plus a powder room for guests.

A secluded terrace of the Presidential Suites adds an astounding 70 sq. metres/ 750 sq. ft. sheltered by treetops. This matchless outdoor space yields a breathtaking 180-degree view of both Lake Tremblant and Mont Tremblant. A private garden and hot tub await adjacent to an outdoor fireplace.

In-Suite Services: Quintessence offers twice-daily housekeeping, 24-hour room service, complementary Aveda bath products, the services of a wood concierge to bring aromatic cedar logs to each suite's fireplace. Masseurs are available for in-room massages. The evening turn-down includes bottled water (your choice of bubbly or flat) and divine chocolates.

Clagett's Cabin: An enchanting log cabin that dates from the 1940s, part of an exclusive private estate on the slopes of Mont Tremblant. This precious getaway has been lovingly preserved and restored by Hotel Quintessence. About 30 metres (100 feet) from the lustrous luxe of the main hotel, Clagett's Cabin is the ultimate romantic getaway, a secluded haven of five-star comfort.
